Building Communities: Improving Lives

The Community Redevelopment Agency of the City of Los Angeles (CRA/LA) recognizes that economic development is more than revitalizing neighborhoods, it's also about helping people who live and work in these neighborhoods.

With the support and vision of the community, CRA/LA created in 1991 one of the most innovative redevelopment strategies in the nation. This strategy calls for the allocation of 10% of redevelopment funds to address social needs in Hollywood. Since its adoption, CRA/LA has invested in programs

that provide food and housing for the homeless, give assistance to seniors and our youth and generally provide service programs for those less fortunate.

Today we continue to implement this strategy by linking development with social needs such as rehabilitation of the Social Services Center at Blessed Sacramento and the development of Villas at Gower which will provide permanent supportive housing for formerly homeless families, transitional youth and others with special needs.

Furthermore, CRA/LA partners with many organizations such as PATH, the Los Angeles Gay & Lesbian Center and Travelers Aid Society of Los Angeles, to name a few, that meet the social service needs of people and families.

As Hollywood continues to grow and develop, CRA/LA stands with the community to make sure everyone is included in the development of this great place called Hollywood.

CHAMBER & COMMUNITY

Leron Gubler
President & CEO

Achievements Begin With An Idea

Achievements at the Hollywood Chamber of Commerce begin with an idea. There is no better example of this than our internationally-renowned Hollywood Walk of Fame. Back in 1953, it was just an idea - the idea of the Chamber's volunteer president at the time, E. M. Stuart. According to a Chamber press release, he proposed the Walk as a means to "maintain the glory of a community whose name means glamour and excitement in the four corners of the world." He appointed a committee to pursue the idea ... and the rest is history.

The year 2010 marks the 50th anniversary of the construction of this world-famous Hollywood icon. I doubt if anyone

in 1953, including E. M. Stuart, could have foreseen the worldwide stature that the Walk of Fame would achieve. I would like to pay tribute to the visionaries and workers who made it happen – everyone from E.M. Stuart to Harry Sugarman, the volunteer who chaired the committee that saw it through to completion, to Johnny Grant, who by sheer determination and marketing genius built it into one of Hollywood's greatest assets.

Hollywood has always been known for its creative minds, and we still are blessed to have a Chamber full of "idea" people. Through the Chamber board of directors and its committees, we have volunteers always thinking how we can move

Hollywood forward. There is no telling if someone's great idea today might yield similar results to the Walk of Fame down the line, but I do know that if we don't have people thinking out of the box, that we'll never achieve anything.

Hollywood faces a bright future today because of the people who had the vision to make things happen. Enormous strides have been made in recent years. We are on our way. I am convinced that we will continue to gain momentum in establishing Hollywood as a world-class urban community. We welcome ideas ... and volunteers. We urge you to participate in the Chamber. This is where it begins.

THE CHAIR'S PERSPECTIVE

Bill Farrar
Chairman of the Board

Since the Hollywood Chamber's incorporation in 1921, there have been 52 volunteers who have served as the Chair of the Chamber. It is an honor for me to be listed among so many leaders who have served this organization and Hollywood so well.

As we say so many times, what differentiates this organization from so many others is that our purpose is **ADVOCACY**. At any one time, we are pursuing numerous issues and opportunities for Hollywood. We exist to represent the business community's perspective, but we try to also be sensitive to the needs of the larger community. Each of the previous Chamber chairs has pushed the Hollywood agenda forward.

Many of the projects we pursue may take several years to achieve. I am happy to take credit for completion of projects such as our new, updated website that we have worked on for a couple of years. At the same time, initiatives that we have started on my watch may not be completed for a while.

We have a great record of achievement - conceiving the Hollywood Walk of Fame, bringing the Community Redevelopment Agency to Hollywood, lobbying to have the subway go through Hollywood, creating the Hollywood Entertainment District. There will be many more achievements in the future that my successors will be able to champion and enjoy.

If there is one thing that has impressed me this year, it is the depth of the dedication and passion of our volunteers. None of our past achievements would have been possible without the strong support of our volunteers. If you are passionate about something in Hollywood, I would encourage you to get involved in the Chamber. This is the organization where you can really make a difference. Together, we are building an even better Hollywood for the future.

The Chamber's Action Plan

A lot goes into making Hollywood a great place to conduct business. During the past year, the Hollywood Chamber of Commerce has been working even harder to help Hollywood achieve its potential. Take a look at what we've accomplished, and you will be impressed by the broad scope of the Chamber. We're working for you every day. We need the support of every business as we move Hollywood's agenda forward!

Creating a Strong Local Economy

The 15th annual Hollywood Economic Development Summit, held at the ArcLight Cinemas in June, attracted an audience of 300 people to hear how Entertainment is the driving force behind the revitalization of Hollywood and to learn the status of dozens of development projects in the pipeline.

The Chamber lobbied in support of the proposed Westside Extension of the Subway and in particular for Alternative 11, that would have a connector from the Hollywood & Highland Station that would travel westerly through West Hollywood before connecting with the proposed Wilshire line. METRO officials voted to include the route in the Long Range Transportation Plan.

The East Hollywood Business Improvement District launched an effort to repaint decorative light poles and to secure a grant to install landscaped medians on Vermont Avenue.

The annual Entertainment Industry Luncheon featured a panel discussing new technologies that will affect the future of the Entertainment Industry. Don Tillman was honored with the Hollywood Star award for his contribution to the industry.

ACTION PLAN

Promoting the Community

Twenty-three Walk of Fame ceremonies were conducted by the Chamber during the year, attracting worldwide media attention to Hollywood, beginning with Glenn Close and ending with James Cameron.

The Chamber instituted a program called Friends of the Walk of Fame to secure corporate backing for repairs to the Hollywood Walk of Fame in advance of its 50th anniversary in 2010. Absolut Vodka and L'Oréal became the first "friends" of the walk.

The Chamber launched its new, state-of-the-art website, www.Hollywoodchamber.net, with the most complete Walk of Fame information available anywhere and a simple-to-navigate Chamber section. Each month, the site attracts more than 2 million hits.

The Academy Awards® provided a great opportunity for the Chamber to promote Hollywood. The Chamber sponsored its Awards Media Center in space donated by the Hollywood Roosevelt Hotel, and pitched Hollywood stories to more than 100 press representatives from around the world.

As it has for almost every year since 1924, the Chamber organized the annual holiday decorations along Hollywood Blvd. Thanks to donations from the Hollywood Historic Trust and the Hollywood Entertainment District, the decorations were expanded to create a more festive atmosphere.

Taking Political Action

The Chamber Board of Directors voted to proceed with formation of a Chamber Political Action Committee so that the business community can more actively participate in the legislative process.

Measure R, a proposed 1/2 cent sales tax boost to raise funds to improve L.A. County's transportation network, was strongly supported by the Chamber. The Chamber also supported AB 2321 (Feuer), the original legislation to take Measure R to the voters.

The Chamber endorsed Proposition 11, an initiative to end gerrymandering by creating a thoughtful system to establish fair legislative districts in California. The measure was approved by voters.

The Chamber endorsed Proposition 1A the "Safe, Reliable High-Speed Passenger

Train Bond Act for the 21st Century" which approved \$9.95 billion to fund a high speed train between San Francisco and Los Angeles. Proposition 1A is estimated to create 160,000 construction jobs and 450,000 permanent new jobs - that can't be outsourced.

Instant Runoff Voting (IRV), an electoral reform that would eliminate the need for runoff elections, was deemed worthy by the Chamber Board of consideration by the L.A. City Council. The Chamber encouraged them to take up the proposal.

A policy was adopted by the Board of Directors spelling out the procedure to be used to evaluate whether to endorse candidates for public office.

The Chamber endorsed HR 2935 to create a public-private partnership to

Representing the Interests of Business With Government

The Chamber took two delegations to Washington, D.C. during the year to lobby on important Hollywood issues - including the proposed Hollywood Freeway Cap Park, transportation and subway funding, anti-piracy efforts, expediting travel visas, affordable healthcare programs, increased funding to address homelessness, and steps to increase affordable housing.

A Hollywood delegation traveled to Sacramento in May to urge the legislature to take steps to balance the State budget and to approve legislation that would allow Hollywood's proposed Freeway cap park to qualify for State bond funds, as well as other important business issues.

The Chamber lobbied City Hall to create a new tax category for internet-based firms in order to retain LegalZoom in Hollywood with its 300+ jobs.

Brown Bag Luncheons were held with Assembly Speaker Karen Bass and with State Senator Curren Price.

The Chamber urged the City to adopt a new policy concerning the renewal of Conditional Use Permits (CUPs), to create a streamlined process with a reduced fee if the businesses have had no serious violations of their CUPs.

The Chamber met with City Planning Director Gail Goldberg to express concern over delays in completing the Hollywood Community Plan Update. She assured the Chamber that she would expedite its completion.

Efforts to resolve the problem of aggressive cd vendors and the characters on Hollywood Blvd. were made by Chamber leaders meeting with state and local legislative leaders.

A Town Hall meeting on Health Care reform was sponsored by the Chamber's Healthcare Committee to provide the Obama Administration with input on reforms that are needed.

New Programs in 2009

The Hollywood Chamber Tourism Committee created in 2009 the first Locals Only Hollywood Offer (LOHO) program. Headed by Tourism co-chairs Jim O'Callaghan of LA Inc and Tej Sundher of Hollywood Wax Museum, the LOHO program will be an annual promotion offering extraordinary savings on world-class attractions, top notch museums, famous hotels and renowned restaurants in Hollywood. The program allows local residents within the 5 counties (LA, Riverside, San Bernardino, Orange, and Ventura) to take advantage of drastic discounts as a way to showcase the 'new' Hollywood while helping stimulate the economy. The main attractions and first tier of the program offers 50 percent off, with other tiers offering significant savings and miscellaneous offers. The Hollywood Chamber worked closely with Goldstar Events, LA Inc, and Discover Hollywood magazine to help promote the program.

The Hollywood Chamber along with the Hollywood Property Owners Alliance (HPOA) launched in 2009 the Hollywood U initiative. This working group consisted of over 15 Hollywood trade schools dedicated to branding Hollywood as an education destination with ties to the entertainment industry and the arts. As part of its branding efforts, Hollywood U has created a new logo and, with the generous help of the Community Redevelopment Agency (CRA/LA), a promotional brochure which highlights the critical mass of post secondary schools in the core part of Hollywood. The initiative gained further momentum when it was featured in an October 2009 article in the Los Angeles Business Journal entitled "Hollywood Classes Up the Place." Hollywood U member schools meet periodically to discuss issues of mutual concern.

Hollywood Chamber of Commerce Campaigns for Walk of Fame Makeover Starting with Friends of the Walk of Fame Pins

Hollywood's number one tourist attraction will be celebrating her 50th birthday in 2010. She is also in need of a facelift and the Hollywood Chamber of Commerce is working on plans to keep her in tip-top shape with a year-long campaign, celebrations and fundraising activities incorporating the 50th anniversary theme.

The Chamber has created a Friends of the Walk of Fame pin with proceeds going to the refurbishment program. The pin is a one-of-a-kind especially designed for this campaign. For a mere \$25 donation, fans from around the world can participate and be a part of this great project. One of our own Walk of Famers, Vin Di Bona, who created "America's Funniest Home Videos," bought \$500 worth of pins as a way of contributing to the Chamber's special cause! Administered by the Hollywood Chamber of Commerce, the Walk of Fame

was designated, in 1978, as a Cultural/Historic Landmark by the City of Los Angeles. Through the efforts of the Hollywood Historic Trust, a continuing, self financing program helps maintain the quality of the Walk of Fame and the historic lure that is Hollywood. It is the Hollywood Chamber's goal to keep this great landmark in pristine shape and is asking for help from the entertainment community and fans from around the world. For more information and to buy your special pin, log onto www.HollywoodChamber.net.

HOLLYWOOD WALK OF FAME

Photos by Bob Freeman
© Hollywood Chamber of Commerce

The Hollywood Walk of Fame, which celebrates its 50th anniversary in 2010, was originally conceived in the 1950s by the Hollywood Chamber of Commerce to promote Hollywood. Since its installation in 1960, the Walk of Fame has been a superior asset to the community, perpetuating the aura that has made the name Hollywood synonymous with glamour. The Walk of Fame remains one of the city's most widely-seen tourist venues and the number one attraction in Hollywood.

More than two thousand stars,

totaling five acres of coral terrazzo and brass, line the sidewalks on both sides of Hollywood Boulevard, from Gower to La Brea, and Vine Street. Stars inducted in 2009 included: Glenn Close, William Petersen, Chuck Lorre, The Miracles, George Harrison, Marlee Matlin, Kyrá Sedgwick, Bill Handel, Cameron Diaz, Mark Burnett, George Hamilton, Dave Koz, Crystal Gayle, Peter Graves, Judge Joseph Wapner, John Stamos, Leslie Caron, Mary Steenburgen and James Cameron.

New stars continue to be dedicated at

the rate of about two each month, with ceremonies drawing crowds of admiring fans to share the moments with their favorite stars. Presiding over the ceremonies is Hollywood Chamber of Commerce President and CEO Leron Gubler. Walk of Fame ceremonies, administered by the Chamber, attract international television coverage and are responsible for bringing millions of tourists to Hollywood annually to see its world-famous Walk.

Can anyone imagine what Hollywood would be like without the Walk of Fame?

Baja Fresh

Baja Fresh isn't your typical Mexican Restaurant. They like to keep it simple — fresh ingredients, expert preparation, clean cheerful surroundings, genuine smiles, value for the dollar, and prompt courteous service. As you walk into a Baja Fresh, you're immediately surrounded by delicious fresh aromas of grilled meats and spicy vegetables, with festive music in the background. They prepare delicious dishes right before your eyes — but not before you order them. Baja Fresh is very picky in how they prepare their food. They buy the best tomatoes, onions, peppers, and spices, making their salsas fresh every day. They crush only the finest, ripest avocados for their guacamole in small batches all day long to ensure freshness. They use only the white meat of the chicken and trim all of the fat from select cuts of skirt steak. They marinate and charbroil these delicacies to absolute perfection to provide customers with fare that not only makes mouths water, but is also wholesome food. Baja Fresh also caters to today's active lifestyles by making everything on the menu available for takeout.

Brooklyn flavor – California “fresh” – the original owner's goal when he moved to San Francisco way back in 1979. California “fresh” means just that – no additives. Fresh cut produce, the best Wisconsin cheese available, homemade meatballs, sausage-marinara sauce, clam & garlic mixture, pesto-balsamic and Italian salad dressings. American Cinematheque

If you are looking to discover or rediscover the unique story of Hollywood and its famous movie industry, the hour-long movie, "Forever Hollywood," produced by the American Cinematheque and playing at Grauman's Egyptian Theatre is a must see. Sit back and relax as you learn about the Hollywood community from the early silent pictures to the glittering nightlife to the great studio era. Twenty-three celebrated interviewees such as Steven Spielberg, Kevin Spacey, and Salma Hayek tell about breaking into "the business" and "making it" in the glamorous and competitive movie industry. With shots from more than 75 feature films and set to the theme music of *The Bad and the Beautiful*, this is an excellent glimpse into Hollywood's past, right on Hollywood Boulevard. Grauman's Egyptian Theatre is

located at 6712 Hollywood Blvd., between Las Palmas and McCadden Place. For show times and screening information, call (323) 466-FILM or visit www.egyptiantheatre.com.

ArcLight Cinema

ArcLight is where movie lovers belong. Conceived by and for people who value the art and entertainment of the moving image, ArcLight's design, amenities, service level and programming create a celebration of movies, and a more refined and complete movie-going experience. ArcLight Hollywood's 14 auditoriums begin with a "black box" design aesthetic, which favors undistracted viewing over opulence, and feature the best in sight and sound technology. Also at ArcLight is the "Cinerama Dome." Built in 1963 in a giant, white 72-ft. high geodesic style, the dome was designed to feature Cinerama – a wide-screen format of the early 60's, which used three separate 35mm projectors and a vast curved screen to present realistic travelogues. It recently has been showing popular movies utilizing the most up-to-date technology. It

is also one of the most identifiable Hollywood landmarks. Each seat is individually reserved and the plush seating makes for a comfortable experience. Go to www.arclightcinemas.com/homepage.jsp to reserve seats and for more information.
